

Dear Community Members,

We are excited to announce the upcoming **Homesteading Fair**, scheduled for **May 30, 2026** at **the Fruitland Grange**. This free event will celebrate the growing movement toward self-sufficiency, sustainability, and community resilience; bringing together homesteaders, small farmers, emergency preparedness educators, and enthusiasts from across the region.

We would like to invite you or your group to participate in this year's fair as a vendor (table host), workshop leader, or presenter.

We are looking for people who have knowledge about subjects such as: backyard chickens, small livestock, beekeeping, foraging locally, gardening, first aid, putting together a bug out bag, seed/plant swap, emergency preparedness, or anything that fits with under the general topic of "Homesteading and Preparedness". Your experience would be a wonderful addition to our event and a great opportunity to connect with others who share your passion for traditional skills, sustainable living, and hands-on learning. You may promote your group or business, but no sales are allowed.

The Homesteading and Preparedness Fair will feature:

- Educational workshops and live demonstrations
- A seed and plant swap (need a group to coordinate)
- Family-friendly activities
- Community networking opportunities

We would be honored to have you join us and share your knowledge, products, or services with the community. Please let us know by **May 10, 2026** if you are interested in participating. Spaces are free, but limited, so early confirmation is encouraged.

We hope to see you at the fair!
